Section C - Descriptions and Specifications

REQUIREMENTS STATEMENT**STATEMENT OF WORK FOR
MICROSOFT PREMIER SUPPORT SERVICES****Description of Services**

Period of Performance: September 30, 2015 through September 29, 2016

- 175 hours of Support Account Management*
- 80 hours of US National (“US Nat”) Program
- 2 Onsite Services Resource visit(s)
- 150 hours of Designated Support* for Platforms technologies
- 150 hours of Designated Support* for SQL technologies

Project Description: The Microsoft Premier Support Services will provide NAVSUP an Information Technology (IT) package for Microsoft Service Delivery Management, US National Support Assistance, and Dedicated Support Engineering for platform and system centers, US National Problem Resolution Support and on-site resource visits. The Microsoft environment meets all of the security requirements and is in compliance with the NAVSUP Architectural Standards. It is also within the compliancy of the approved software under the Echelon II Enterprise Services Functional Area Manager (FAM) in Department of the Navy (DON) Application and Database Management System (DADMS). This supports all the NAVSUP Applications that are dependent on the Microsoft Operating Environment which includes Beep & Eat, Electronic Retrograde Management System (eRMS), Food Service Management/Retail Operations Management Three (FSM/ROM3), Inform21, Navy Electronic Commerce Online (NECO), Navy Logistics Library (NLL), NAVSUP Systems Support Program (NSSP), Maximo, Readiness Suite, Reengineered Maritime Allowance Development (ReMAD), Standard Automated Logistics Tool Set (SALTS), and Technical Assistance for Repairables Processing (TARP). This contract also supports Command Business Applications such as Dimensions, Hewlett-Packard (HP) Fortify, Host Based Security System (HBSS) and Terminal Services.

Objective: The objective of this project is to obtain Microsoft Premier Support Services to support NAVSUP’s standard architectural operating systems and mission essential applications, and to provide assistance with Data Center Consolidation (DCC) migration to Defense Information Systems Agency (DISA), Defense Enterprise Computer Center (DECC), Mechanicsburg, PA. It is mission essential that these extensive support services remain in order to continue supporting the NAVSUP user community, mission essential systems/applications and efforts supporting the war fighters. One of the biggest advantages of the Microsoft Premier Support Services is that it provides Technical Engineers that are well adverse in the DoD security regulations. NAVSUP will utilize these services in conjunction with the NAVSUP Microsoft Enterprise Licensing Agreement (ELA) to obtain extensive support not offered under Microsoft’s Software Assurance program. These services cover all Microsoft products and technologies providing deep-rooted technical expertise along a specific Microsoft technology such as

Exchange, Windows, SharePoint, SQL server and other Microsoft technologies (client/desktop apps) specific to NAVSUP's production environments.

Failure to obtain these services would significantly decrease server/application production, development support and increased security vulnerabilities that could affect NAVSUP applications Information Assurance accreditation and Authority to Operate (ATO).

Scope of Work: This work will consist of the following services:

- **Support Account Management** services are intended to help coordinate the support and services relationship with NAVSUP BSC Management and service delivery staff and will help NAVSUP BSC arrange each element of the Premier support to meet the business requirements. The Services Resource is the NAVSUP BSC advocate within Microsoft and facilitates a team that can provide Workshops, Problem Resolution Support, and Support Assistance. The Services Resource also serves as the point of information delivery.
- **US National Program** provides a strong focus on national security, and provides an explicit contractual obligation for Microsoft to provide US citizen (only) support for the first technical support contact, the NAVSUP BSC interaction with Microsoft phone based non-escalation technical support engineers delivering Problem Resolution Support or Support Assistance will be limited to US citizens for issues involving the following products: Windows , (not including Windows Embedded or Windows CE), Exchange Server, SQLServer, Microsoft Internet Information Services (IIS), System Center Configuration Manager, System Center Operations Manager, System Center Mobile Device Manager, System Center Essentials, System Center Virtual Machine Manager, System Center Online Asset Inventory Services (AIS), System Center Capacity Planner, System Center Desktop Error Monitoring, System Center Data Protection Manager, System Center Service Manager, WSUS 3.0, Application Virtualization (App-V), Microsoft Enterprise Desktop Virtualization (Med-V), Microsoft Office SharePoint (not including Designer and Developer support for SharePoint), Microsoft SharePoint FAST, Microsoft Office Outlook (not including Microsoft Office Outlook for Mac or Outlook Business Contact Manager), Microsoft Communications Server and Microsoft Lync (not including Lync Voice). Additional products may be included via a mutually agreed upon amendment or modification to this Services Description as support becomes available. The US Nat Program support for products not included in the NAVSUP BSC environment but otherwise supported in accordance with Section 3(c) of this Services Description will be handled similarly to Our traditional Problem Resolution Support and Support Assistance channels available to non-US Nat Program customers and may result in exposure to non-US citizens at any point throughout the delivery of Problem Resolution Support or Support Assistance. We have no obligation to provide a US citizen beyond the first technical support contact. If a case requires support beyond the first technical support professional, we do not guarantee that the escalation support professional will be a US citizen.

- **Problem Resolution Support** provides assistance for problems with specific symptoms encountered while using Microsoft products, where there is a reasonable expectation that the problems are caused by Microsoft products. Problem Resolution Support is available 24 hours a day, 7 days a week. Requests for support may be submitted via telephone or electronically through the Premier online website.
- **Designated Support for Database Technologies:** A Designated Support Professional manages specific requests that are specialists in their product areas and provide Services during normal business hours. If pre-arranged they can be available 24 hours a day, 7 days a week. Problem requests are opened using the standard product process and will be assigned to a Designated Support Professional based on availability and the severity of the issue. Currently, we have Microsoft heavily involved with providing guidance for the SQL Database Consolidation as we transition and consolidate Microsoft SQL Servers to the DISA DECC.
- **Designated Support for Systems Management Technologies:** A Designated Support Professional manages specific requests that are specialists in their product areas and provide Services during normal business hours. If pre-arranged they can be available 24 hours a day, 7 days a week. Problem requests are opened using the standard product process and will be assigned to a Designated Support Professional based on availability and the severity of the issue. Just recently we have had Microsoft Engineers to provide guidance when an upgrade of System Center Configuration Manager did not go well and needed an expert to help us decipher the problem and provide guidance on a resolution.
- **On-site Services Visits:** This is used to conduct planning and implementation meetings as well as troubleshooting complex technical Microsoft environment issues. These are used in cases where Microsoft must know and understand in great detail the infrastructure and configurations of all environmental components before providing a sound solution. They work side by side the System Administrators (SA) in the NAVSUP BSC environment so that when the Microsoft Professional Field Engineer (PFE) visit is over the SA understands how to troubleshoot and resolve the issue.

Qualifications/Experience:

The contractor shall provide cleared resources that have a minimum Secret security clearance. The contractor shall provide certified technical resources. These resources are required due to their expertise in providing remote services; inclusive of MS scheduled Workshops, Technical Focus Presentation on specific technologies, Microsoft Online Services, adverse DoD security regulations for the Microsoft products and their knowledge of supporting large logistics and supply applications.

Government Responsibility (NAVSUP BSC): The Government will provide a DD 254 for cleared resources.

The Government will provide and has designated Customer Support Managers (CSM) as follows:

Primary:

TBD

Secondary:

TBD

These individuals will serve as the account manager for NAVSUP and will be responsible in coordinating, allocating user/admin authority, add/change user/admin authority under NAVSUP's purview.

Security. Department of Navy (DON) policy prescribes that all unclassified data at rest that has not been approved for public release and is stored on mobile computing devices shall be treated as sensitive data and encrypted using commercially available encryption technology. A contractor employee, whose work involves access to sensitive unclassified information, warrants a judgment of trustworthiness.

5252.204-9400 Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information (July 2013)

Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The Deputy Secretary of Defense Directive-Type Memorandum (DTM) 08-006 – “DoD Implementation of Homeland Security Presidential Directive – 12 (HSPD-12)” dated November 26, 2008 (or its subsequent DoD instruction) directs implementation of HSPD-12. This clause is in accordance with HSPD-12 and its implementing directives.

APPLICABILITY

This clause applies to contractor employees requiring physical access to any area of a federally controlled base, facility or activity and/or requiring access to a DoN or DoD computer/network/system to perform certain unclassified sensitive duties. This clause also applies to contractor employees who access Privacy Act and Protected Health Information, provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Position, as advised by the command security manager. It is the responsibility of the responsible security officer of the command/facility where the work is performed to ensure compliance.

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a

base, facility or activity is required contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

ACCESS TO DOD IT SYSTEMS

In accordance with SECNAV M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information Assurance Manager. Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) which is a higher level investigation than the National Agency Check with Law and Credit (NACLC) described below. Due to the privileged system access, a SSBI suitable for High Risk public trusts positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy Command's Security Manager and Information Assurance Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the "supervisor".

The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

INTERIM ACCESS

The Navy Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the

investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Navy recognizes contractor employees under this contract as Non-Critical Sensitive [ADP/IT-II] when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The NACLC consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's Information Assurance Manager. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Navy Command Security Manager. The Navy Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM). Suitability/security issues identified by the Navy may render the contractor employee ineligible for the assignment. An unfavorable determination made by the Navy is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Navy Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DON Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy Command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc ...) and who require physical access to

publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a US citizen or a US permanent resident with a minimum of 3 years legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM

Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

In order to maintain access to required systems, the contractor shall ensure completion of annual Information Assurance (IA) training, monitor expiration of requisite background investigations, and initiate reinvestigations as required.

DOD 8570.01-M Information Assurance Workforce Improvement Program.

☒ No Additional IA Certification required

☐ Information Assurance DOD 8570.01-M

To meet the IAWF category, the contractor is required to obtain the following IA certification: None.

The Contractor shall ensure that personnel accessing information systems have the proper and current information assurance certification to perform information assurance functions in accordance with DOD 8570.01-M, Information Assurance Workforce Improvement Program. The Contractor shall meet the applicable information assurance certification requirements, including:

(1) DOD-approved information assurance workforce certifications appropriate for each category and level as listed in the current version of DOD 8570.01-M

(2) Appropriate operating system certification for information assurance technical positions

as required by DOD 8570.01-M.

(a) Upon request by the Government, the Contractor shall provide documentation supporting the information assurance certification status of personnel performing information assurance functions.

(b) Contractor personnel who do not have proper and current certifications will be denied access to DOD information systems for the purpose of performing information assurance functions.

Proof of the above indicated IA certification and computing environment certification is to be provided for all contractor personnel. In addition to the IA certificate, active enrollment and participation in the certification maintenance program must be established prior to contract award to ensure the appropriate access can be secured by contractor resources. Questions and additional information requirements may be addressed by contacting the NAVSUP Business Systems Center Information Assurance Manager (IAM).

Certification shall be forwarded to:

- (1) [☐] Are, [☐] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
 - (2) [☐] Have, [☐] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

- (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals. Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
- (i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126)*. (h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if--

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on--

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. (s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, and Unauthorized Obligations paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents, exhibits, and attachments; and (9) the specification.

(t) System for Award Management (SAM). (1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) Incorporation by reference. The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.
